Provisionally Recognised Abrasion Resistant Ice Coating

The coating system below is provisionally recognised as an abrasion resistant ice coating for ships operating in polar regions, the classification of which is noted below. This provisional recognition is valid only until the expiry date and may not be renewed. This provisional recognition may be upgraded to a full recognition upon satisfactory inspection of a vessel with relevant real-world service experience.

The coating system is considered as meeting the requirements of 'effective protection' and 'special surface coating', as defined in applicable LR Rules and Regulations and / or Finnish-Swedish Ice Class Rules / Trafi Regulations, for vessels with applicable Polar Class or Ice Class notations.

The use and applicability of such coating systems, as designated by this certificate, may be considered when applying the relevant Rules criteria, for construction and service conditions.
