Software Conformity Certificate

Description:	Engine Control Unit Software for electronically controlled 4 stroke Diesel Engines with Common Rail system up to 16 cylinders
Operating Environment:	The software will be installed on an Engine Control Unit of type EDC17CV41-a.bb-M0 used on various engine types as indicated in above Software section.
Assessment Module:	Relevant Requirements of Assessment Module GEN1
Qualifications:	This certificate is valid for subsequent versions of the software, provided the modifications are performed using the change control process covered by this certification, and appropriate configuration management is maintained. Major changes are to be notified to LR and documents submitted to demonstrate compliance with assessment criteria (i.e. changes that result in additional functionality or a wider scope of certification).

This certificate is valid only for the software mentioned herein and excludes software that has been developed outside the assessed development process.

Previous Version: SWC 15/20001(M2)

The Design Appraisal Document No. HTS/ETS 43053-23 and its supplementary Software Conformity Assessment Terms and Conditions form part of this Certificate.
