Lloyd's Register Group Limited, its affiliates and subsidiaries and their respective officers, employees or agents are, individually and collectively, referred to in this clause as 'Lloyd's Register'. Lloyd's Register assumes no responsibility and shall not be liable to any person for any loss, damage or expense caused by reliance on the information or advice in this document or howsoever provided, unless that person has signed a contract with the relevant Lloyd's Register entity for the provision of this information or advice and in that case any responsibility or liability is exclusively on the terms and conditions set out in that contract.

Certificate No: LR21412669TA
Issue Date: 29/08/2021
Expiry Date: 28/08/2026

Type Approval Certificate

Equipment Employed in the Bow Mooring of Conventional Tankers at Single Point Moorings (Fourth Edition May 2007)
Oil Companies International Marine Forum (OCIMF) Recommendations for Ships' Fittings for Use with Tugs (First Edition 2002)
Lloyd's Register's Rules and Regulations for the Classification of Ships, July 2021

Ratings

Safe Work Load (SWL):
2,000 kN(204 tonnes-f)

Other Conditions

where intended to be installed in a ship classed or intended to be classed with Lloyd's Register (LR), the following conditions are applicable:

1) Pennant, chaffing chains and their associated fittings should be manufactured and tested in accordance with the requirements of Part2, Chapter 10 of the Rules and Regulations for the Classification of Ships

2) Emergency Towing systems and single point moorings are to be installed on board the ship to the attending surveyor's satisfaction.

3)This approval relates to the emergency towing arrangement and single point moorings only. Attachment to the ship structure should comply with the requirements of the Rules and Regulations for the Classification of Ships.

This certificate is not valid for equipment, the design, ratings or operating parameters of which have been varied from the specimen tested. The manufacturer should notify Lloyd's Register Classification Society (China) Co Ltd of any modification or changes to the equipment in order to obtain a valid Certificate.

Previous Version: LR16/80082

The Design Appraisal Document LR21412669TA and its supplementary Type Approval Terms and Conditions form part of this Certificate.
