Quality Assurance Engineering Scheme Certificate

Manufacturer	**General Electric Company**
Address	One Neumann Way, Cincinnati, Ohio, 45215, United States
Scheme Type	**Quality Assurance Scheme for Machinery (QAM)**
Approval Number	**QAM 050A**
Place of Production	**General Electric Company**
	One Neumann Way, Cincinnati, Ohio, 45215, United States
Product Type	Gas Turbines
Product Name	Gas Turbine Engines of the approved type.

This is to certify that the above named manufacturer has been approved by LR North America Inc in accordance with the requirements set out in the Quality Assurance Scheme for Machinery (QAM) within the Lloyd's Register Rules and Regulations for the Classification of Ships.

The quality system and procedures at these works covering production methods, inspection and testing, quality control and general standards of workmanship have been examined and are approved for the manufacture of the undernoted product(s) at the stated place(s) of production.

Such items will be eligible for fitting in ships or other installations classed or intended for classification subject to satisfactory installation under the usual conditions of survey and testing.
This approval is conditional upon the product(s) manufactured and certified under this Scheme being in accordance with the relevant requirements of the Rules and Regulations for the Classification of Ships and the organisation and procedures being audited by the Surveyors at agreed intervals.

For details of the scope of approval see subsequent pages of this certificate.
