Lloyd's Register Group Limited, its affiliates and subsidiaries and their respective officers, employees or agents are, individually and collectively, referred to in this clause as 'Lloyd's Register'. Lloyd's Register assumes no responsibility and shall not be liable to any person for any loss, damage or expense caused by reliance on the information or advice in this document or howsoever provided, unless that person has signed a contract with the relevant Lloyd's Register entity for the provision of this information or advice and in that case any responsibility or liability is exclusively on the terms and conditions set out in that contract.

Type Approval Certificate

compliance including fire protection etc. is not within the scope of this type approval.
4. Integration of mast housing to the hull structure and integration to helideck needs to be reviewed on a case to case basis.
5. Type Approval does not eliminate the need for normal inspection and survey procedures required by the Rules and Regulations.
6. If the specified standards are amended during the validity of this certificate, the product is to be re-approved prior to it being supplied to vessels, to which the amended standards apply.

This certificate is not valid for equipment, the design, ratings or operating parameters of which have been varied from the specimen tested. The manufacturer should notify Lloyd's Register EMEA of any modification or changes to the equipment in order to obtain a valid Certificate.

The Design Appraisal Document No. LR2010646TA and its supplementary Type Approval Terms and Conditions form part of this Certificate.
