Engineering Piping - Specialist to Lloyd's Register Marine and Offshore India LLP
A member of the Lloyd's Register group

Units 1702-1704, 17th Floor (Level-13), Building Q2, Aurum Q Parc; Gen 4/1 TTC, Thane-Belapur Road, Ghansoli, Navi Mumbai, 400710, India

Lloyd's Register Group Limited, its affiliates and subsidiaries and their respective officers, employees or agents are, individually and collectively, referred to in this clause as 'Lloyd's Register'. Lloyd's Register assumes no responsibility and shall not be liable to any person for any loss, damage or expense caused by reliance on the information or advice in this document or howsoever provided, unless that person has signed a contract with the relevant Lloyd's Register entity for the provision of this information or advice and in that case any responsibility or liability is exclusively on the terms and conditions set out in that contract.

# Type Approval Certificate

Vacuum side setting : -300mmWG

**Other Conditions**

1. Where the valve is intended to be installed on a ship classed or intended to be classed with Lloyd's Register (LR), its position is to be indicated on the arrangement plan which is submitted for approval.
2. Materials used are to be suitable for their intended service and the cargoes to be carried.
3. A copy of the instruction manual is to be kept on board the vessel.
4. Type Approval does not eliminate the need for normal inspection survey procedures required by the Rules and Regulation.

This certificate is not valid for equipment, the design, ratings or operating parameters of which have been varied from the specimen tested. The manufacturer should notify Lloyd's Register Marine and Offshore India LLP of any modification or changes to the equipment in order to obtain a valid Certificate.

**Previous Version:** LR21245534TA

The Design Appraisal Document LR26278190_DAD and its supplementary Type Approval Terms and Conditions form part of this Certificate.
